Chelsea

Chelsea's 100% Trevira CS weave makes it the ideal choice for commercial applications where a transparent fabric is needed. The fire retardent properties are achieved by impregnating instead of coating the fabric so they cannot be washed out. The fabric also has a beautifully soft, natural texture and feel.

- ⊙ 30 colours to provide the perfect match or contrast to an area
- ⊙ 2400mm or 3000mm fabrics to allow larger blinds without joins
